...the way it was in '76

Oh, no, not more of that bicentennial... wait! ...pause a moment...think of the significance of our theme. True, everywhere you look, the bicentennial is heralded, hawked, and exploited. Yearbooks across the country are using the bicentennial as a theme...and justly so. Stop and reflect upon the fruits of our heritage. It's a part of each of us, a part of the school. It is because of our heritage that we have schools where students, as well as teachers, can voice their opinions. It is because of our heritage that we can be taught and learn what we choose without fear, and it is because of our heritage that we have democratic leaders, leaders who not only try to mold students into worthwhile Americans, but also give them the freedom to grow and develop as their talents and abilities permit.

...the way it was in '76

As the bicentennial draws closer, the tension, excitement, and expectation mounts. Reflected in the school's activities and sports is the spirit of freedom, fair play, and energy characteristic of Americans. At the very foundation of our heritage lay these characteristics, for had not the colonists of 1776 possessed the spirit of freedom and fair play to resist the tyranny of England and had they not possessed the energy to spark the birth of America, and wrest their freedom from the British, Americans would not be the lively, outgoing, people they are. Think about your freedom to be active in groups of your choice. Think about America. Think about the bicentennial. Don't be ashamed to say with the rest of America, "Happy 200th Birthday, America!"

Activities

Activities...bursting on the school year like 4th of July rockets...freeing spirit into the air and into the heart...ringing forth with loud peals of excitement, stirring souls into action like the bell of '76...activities, reflecting the spirit of America on her 200th birthday.

Psst...Sue! What is the next verse.

Urp!

Chris Morales wholeheartedly burst into a song.

Pep Added Flare to '76

J.V. Cheer surely doesn't jive when they're welcoming the class of '79.

Varsity Cheer demonstrates sky high spirit.

When I count to three, say cheese.

Manny serves many functions at Lynwood High - even a paramedic!

You can't stop the Knights.

Song can be very revealing.

Pep is always up in the air about something.

Pep, Pep, and...

Oh Darn! I missed the whole assembly.

...and More Pep!

There was eight on the bench and the little one said roll over...roll over...

Sexy legs are a requirement to be on flag.

No, no... Do it like the other girls.

A pep phenomenon: multiple belly buttons!

Thirty Sought '76

Crown

In the fine tradition of Lynwood Homecomings, thirty girls made it through three weeks of hectic campaigning. When posters were finally allowed to go up, the office windows were a maze of pictureless artwork. The campaigns were earmarked with Frankenstein, numerous Donald Ducks and Kelley Fletcher's KFI sayings. Although banners were not allowed this year, the candidates made up for it with an infinite amount of picket signs. Amid all the clutter, the Nominating Assembly pushed through to add a more serious note to the race. After a last hard week of campaigning and the Queen Candidate's Slumber Party, thirty nervous Misses awaited the results of the first election.

The gang waits in eager anticipation for the cars to start up.

Crunch refuses to be serious with Officer Mullens, who is trying to find out what happened the night before.

Kim Brooks (Belle) and Lorri Vaught (Judy) display their theatrical talent in the fall play "REBEL WITHOUT A CAUSE".

The members of the gang try to prove their courage by hurling insults to their teacher, Miss Hannington (Jean Pinkston).

Rebel Without a Cause Was a Great Success

Lynwood High School's Fall Play, *REBEL WITHOUT A CAUSE*, was a huge success. The plot concerned Jim Stark (Robert Pierce) as a new boy in school, and the problems he encountered in his first few days. Judy (Lorie Vaught) is the girl Jim meets and likes. The only problem is that Judy is property of Buzz, the leader of the gang and a "Wheel" in school. Jim and Buzz get into a "Chicken Run" in stolen cars and Buzz is killed.

The rest of the play followed Jim, Judy, and Plato, as they tried to get away from the gang. Meanwhile Ray the Juvenile Officer is trying to catch up with these kids before someone gets hurt. The combined efforts of the cast and crew under the supervision and direction of Hartley Wanner made the L.H.S. Fall Play another smash hit.

The Freshmen year, like the first years of a new nation, was full of apprehension and difficulties. It was a time to adjust to the new surroundings. . . . A time to set goals and, perhaps, start tradition. With unyielding odds against them, they pressed on, proving that it is possible to begin anew, and along the way, they found that they were more confident.

Dear attendance office,
The reason my son Chuck wasn't in school for the last 83 days is because he had a slight migraine headache.-

A student gazes open mouthed at her heart throb.

Where does this line go?

The Sophomore class, still challenged by the unheeding ways of school life, met the challenge with more experience from their Freshmen year behind them. Like a country in the second half of its centennial, they were still uncertain but more knowledgeable, preparing for their Junior year. Sophomores became more active as they found that school had to more to offer. And at the end of the year they knew they were on their way, they were becoming upperclassmen.

Rosa Ornelas suffers disgrace and humiliation after being rejected by Linda Delgado, who already has Doritos and does not want her lousy potato chips.

Janis Dudenhoeffer, Esther Torres, Vicki Stucky- Junior Class Representatives

With the Junior year came the test of whether the first two years of high school were a success. Not unlike a great nation entering its second century, they were certain of their underclassmen accomplishments, but uneasy about their new found leadership. As they progressed through the year they found they were ready to use their experience in putting on the Junior-Senior Prom. And when it was all over, the Juniors uttered a great sigh of relief. They had succeeded, the Class of '77!

1976 . . . The Bicentennial of our country . . . the graduation of our Senior Class. Both have been building up over a seemingly long period of time. Both will be well received. Starting the year, Seniors were in awe, finding new responsibilities and new privileges. Scholarships, college entrances and vocational training added strain to the year while Senior lunch passes, Senior square and only one semester of P.E. more to go made up for the other inconveniences. Toward the end of the year, the Class of '76 found they were graduating, but like our country, will be around for many years to come.

Football

Varsity Football Was Highly Competitive in Its League.

Football Coaching Staff: S. K. Johnson, Dick Smith, Dave Thompson, Doug Doner, Larry Anderson.

Captains: Farrell Mack, Herbie Evans, Kevin Johnson

Victory is sweet and everyone loves a winner, and the Knights were winners. Their determination desire, and concept of sacrificing everything for the team has brought them a second place finish.

Each member of the group had his concept and ways but had to learn to shed his individuality and function as part of the team. The determination of Keith Marshall and Tom Gasper not to let the opposing team score, the sacrificing bodies of Tom Reed, Billy Thornes, Ken McCullough, and Ernie Placencia to open holes for Tony White, Farrell Mack, and Joe Aldridge. The desire of Dwayne Wilkes to get to an opposing tackle. The concept of linebacking of which both Kevin Johnson, and Herb Evans master easily. Coach Dave Thompson and his staff of S. K. Johnson, Rick Smith, Doug Doner, and Larry Anderson showed the team leadership it needed. Highlights of the season: a 34-0 win over Warren at their Homecoming. A 42-19 win over League champ Norwalk. Come from behind Victory over Rolling Hills and Pious X.

Soccer is an upcoming, popular sport.

In America; where the average spectator's time is divided between Baseball, Basketball, and Football; Soccer crowds are gathering at an ever increasing rate.

The unique game plan and excitement has made Soccer a recognized sport at Lynwood High School under the able coaching of S.K. Johnson. The Knights finished second in the SGV League Championship.

Ed Jackson gives all to win.

Sean Jordan overtakes a surprised Pirate Harrier.

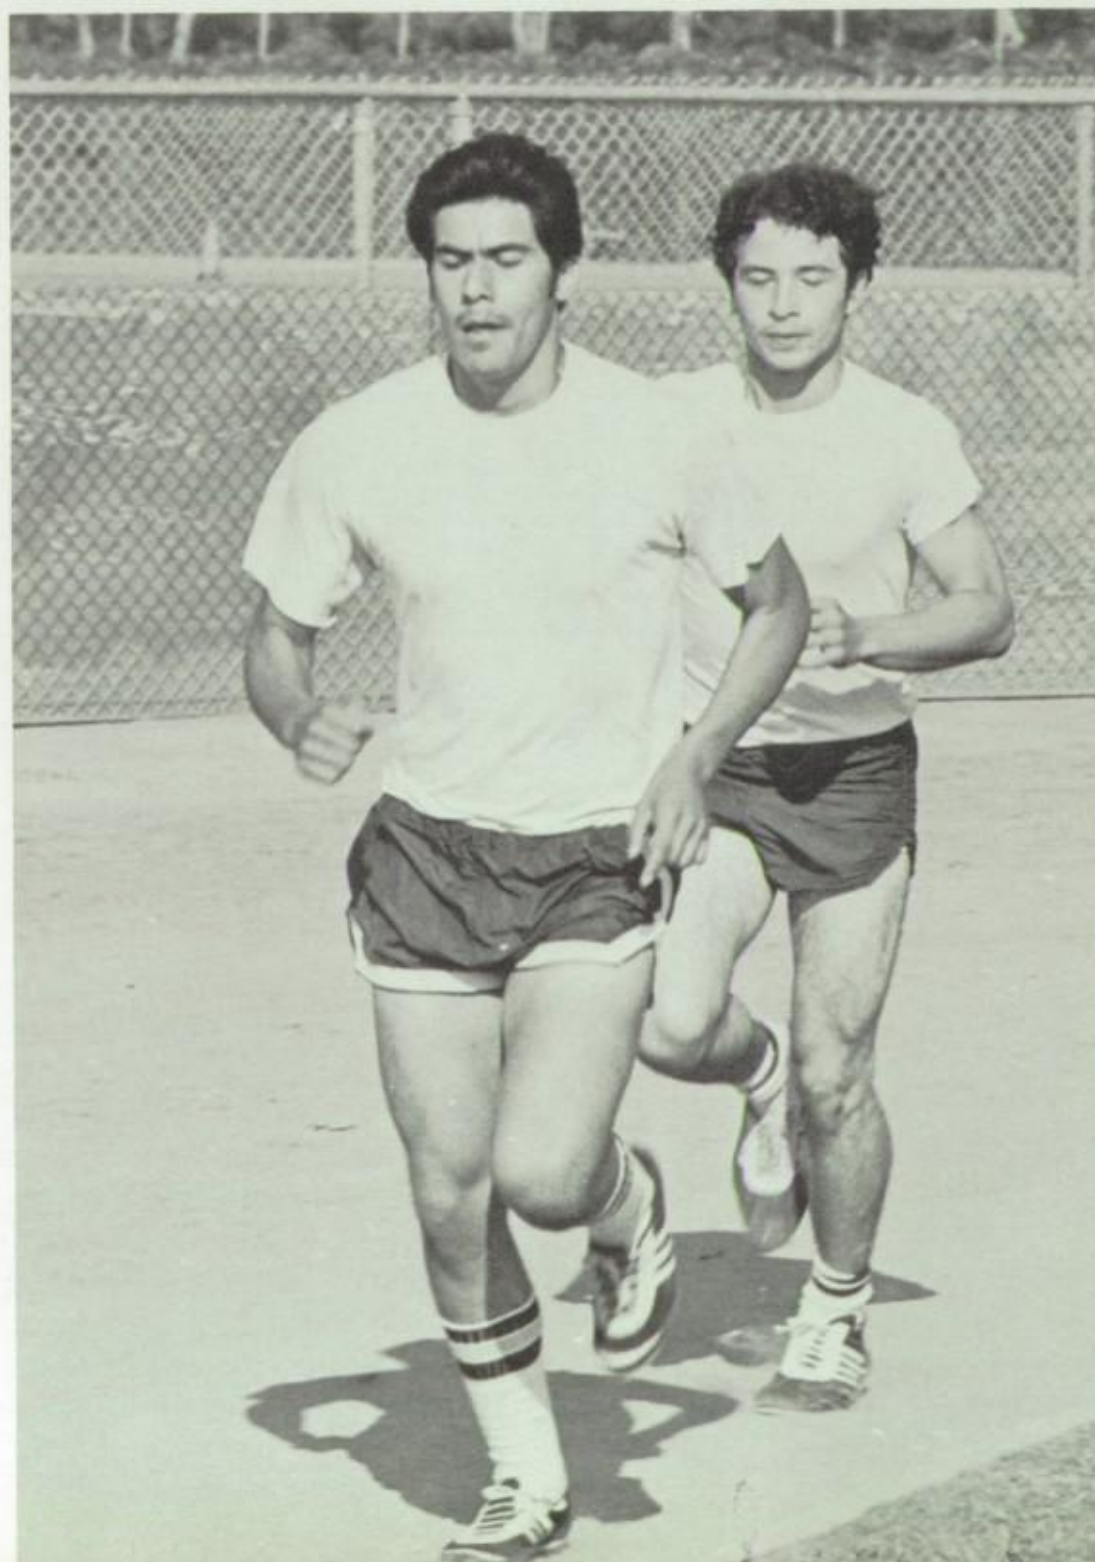

Cross Country is constantly pointed out by sports fans as a world for individuals. The harrier has an extraordinary quality of self-pride which is strengthened with each stride he takes, strides of endurance and courage.

The Knights of the '75 Cross Country team certainly displayed these qualities. The Lynwood Harriers had only five runners for most of the meets, while opponents had anywhere from ten to fifteen. Despite this, the Knights finished second over-all in league, and third in league finals. With such outstanding runners as Ed Jackson, Sam Taffola, James Endersby, Sean Jordan, and Frank Chavez, the Knights figure to be in the thick of things next year, especially with the expert coaching of Mr. Al Higa.

The highpoint of the season occurred when the Knights beat the league champs, Bellflower, 27-28 with two Knights sprinting ahead of two Bucs at the wire.

At first it was hard for the team to adjust back to their usual college techniques after a rocky start the team got it's act together. The Raiders started to win some games. With Danny Hayes showing all out determination and Paul Bridgers showing agressiveness the Raiders finished fourth in the season.

Basketball

Knight Cagers Pushed for First Place in SGVL

This year's Knight basketball team was expected to have an outstanding season. So far the Knights have done just that. Facing the roughest schedule they have had in years, the Knights have played outstanding ball. They played number one, rating with Long Beach poly on even terms for three quarters before bowing out.

The Knights have had a mixture of youth and speed on this year's team. Clearing the boards for the Knights was Senior Darrell Allums. Allums was the leading rebounder for the Knights. Playing forward like a pro was Tom Freeman. Freeman hit from every spot on the court. Tyren Naulls was an outstanding player on both ends of the court. Howard Henderson proved he could play with anybody in the league. Dave Mullins was the floor general, who kept the Knights under control. Dave also knew how to go to the hoop. John Ligon came off the bench to give the Knights that spark when it was needed. Coach William Notley, so far, has led his Knights to first place lead in the tough SGVL.

"Mr. Emotion," Coach Hiskey

The 1976 Varsity Baseball Team set out to defend Lynwood's three consecutive SGVL championships and bring a C.I.F. title home as well. Each member strained to achieve the touch of perfection Coach Hiskey demanded. The "mound corps" were lead by Tony White, Jake Galin, and Dale Stevens. Lynwood's extremely tough hitting attack featured Lo Gray, Carlos Vargas, Doc Lewis and Dan Campos. The first year Varsity performance of David Layne, David Wilson and Larry Zavala made the unit solid. With Joe Storey breaking his hand in the pre-season, Dave Mullins was left to handle the majority of the catching chores. Mullins sometimes received a needed relief from JV catcher Jim Johnson. As this book went to press the team had won their second season game and showed excellent team work and a lot of potential power. This year's team gave Lynwood High School another good chance to take a trip back to Dodger Stadium and win the title this time!

The Lynwood High Varsity Tennis Team expects to at least equal last year's third place finish in the league. After a slow start, the Knights came on strong in the second round to capture 3rd place. Three year Lettermen Chuck Morales is again No. 1, while two year Letterman Mark Namestka is No. 2. Morales was rated No. 4 in the league last year, and again rated as one of the top players. Namestka will team with Tony Simoes (two year Letterman) to form one of the best doubles teams in the league.

Dennis Raphiel moved up from the JV's to the No. 3 spot. He is one of the top sophomores in the league. John Smith started as a JV last year, but finished the season playing Varsity. Joe Calderon moved up from JV and will give us depth in either singles or doubles. The doubles team of Robert Wilson and Gilbert Van Loon took the JV doubles championship last year and is expected to do just as well as the Varsity level.

The JV is a young team, made up mostly of ninth and tenth graders. John Martinez, Jef Fletcher, and Saad Murad won JV letters last year and are expected to be the top JV players (if they do not move up to varsity). Top newcomers are Tim Linden, David Johnson, and Cedric Robinson. Others who had JV experience last year and who should help the team are Kurt Peterson, Alan Brown, and Ruben Espinoza.

Girls' Varsity Netted a Tough Season

Top Row: Ida Vega, Delia Vega, Delma Vega, Kristin Yeretzian, Doreen McClain, Alice Munoz. Bottom Row: Debbie Mc Carthy, Estella Manor.

This year's volleyball team went through an agonizing season. Even though the season that they went through was tough, the volleyball team had its high points.

When scores got out of hand the Knights never gave up. They hustled and scrapped no matter what the score was. When the going got tough, Doreen McClain showed coolness and power. The all out play of Debbie McCarthy was another high point of this battle worn season. The leadership of Sandy Vega proved to be a big plus.

Through it all, Coach Carla Elger pointed the way for the team to go. She never gave up, no matter how hopeless the situation was.

At this time of season the girls are six wins and one loss and in second place, one games out of first. We have played Bellflower for first place and another chance to go into CIF playoffs. For the last two years we have gone into the playoffs and expect to again this year. Last year's record was thirteen wins and one loss in the league. This year we expect the same, 13-1, since we lost once to Bellflower in the first game.

IN CONGRESS, JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America,

When in the course of human events, it becomes necessary for our people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. — We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the urgency which compels them to alter their former system of Government: The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world? — He has refused his Assent to Laws, the most wholesome and necessary for the public good. — He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them. — He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only. — He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures. — He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the People. — He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within? — He has endeavoured to prevent the population of these States; for that purpose obstructing the Trade for Importation of Slaves; refusing to pass other Laws to encourage their Migration hither, and raising the conditions of new Appropriations of Lands. — He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers. — He has made Judges dependent on his Will alone, for the tenure of their Offices, and the amount and payment of their salaries. — He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance. — He has kept among us, in Times of peace, standing Armies without the Consent of our Legislature. — He has affected to render the Military independent of and superior to the Civil power. — He has combined with others to subject us to a Jurisdiction foreign to our Constitution, and unacknowledged by our Laws; giving his Assent to their Acts of pretended Legislation: — For Quartering large bodies of armed troops among us: — For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States: — For obstructing our Trade with all parts of the world: — For imposing Taxes on us without our Consent: — For depriving us in many cases of the benefits of Trial by Jury: — For transporting us beyond seas to be tried for pretended offences — For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies: — For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments: — For suspending our own Legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever. — He has abdicated Government here, by declaring us out of his Protection and waging War against us. — He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people. — He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of ferocity & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation. — He has constrained our fellow Citizens taken Captive on the high seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. — He has excited domestic insurrections amongst us, and has endeavored to bring on the Inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions. In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. Nor have We been wanting in attention to our British brethren. We have warned them from time to time of attempts by their Legislature to extend an unwarrantable Jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have urged them by the ties of our common kindred to disavow those usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of conjuncture. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them as we hold the rest of mankind, Enemies in War, in Peace Friends.

We therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. — And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

To Mrs. Smith
I have been
helped a great deal,
by such a wonderful,
friendly person: Hope you
will be happy in your next
stop. Hope Woodward High was good
to you. Happiness and Love,
